

Break of Reality – Workshop Essentials

Equipment provided by musicians

- 3x Cellos in flight cases
- 1x Djembe

Break of Reality has the ability to conduct workshops with no sound equipment adding to the versatility of the ensemble. Please note that, where possible, it is preferable that the ensemble be provided with the equipment outlined in their concert rider. This will ensure a consistent sound and increase the options available to the musicians during workshops.

In larger rooms where amplification is necessary a PA and microphones should also be provided so Break of Reality can be heard.
